GENERAL MECHANICAL

Item	Status	Description
1		Windscreen – washer spray and wiper operation
2		Windscreen – signs of cracks, pits and chips
3		Fluids – window washer (level / condition)
4		Fluids – cooling system (level / condition/pressure test/leaks)
5		Fluids - brake (level / condition) where applicable
6		Fluids - power steering (level / condition / leaks)
7		Fluids - transmission (level / condition / leaks)
8		Fluids - transfer case (level / condition / leaks) where applicable
9		Fluids – battery (level / condition)
10		Fluids – hydraulic systems (level / condition / leaks)
11		Fluids – engine oil (level / leaks)
12		Electrical - horn, interior and all exterior lights
13		Electrical – battery cables / terminals / clamps / battery test
14		Electrical – signalling and beacons
15		Electrical - air conditioning / heating, demist operation
16		Mechanical – drive belts (condition / tension)
17		Mechanical - brake lines, hoses, operation park brake
18		Mechanical - general condition including underbody
19		Mechanical - DPD operation / free manual burn performed where applicable
20		Mechanical - tyre pressure checked, nuts and rims free from damage
21		Mechanical - exhaust system leaks damaged loose / cracks
22		Mechanical - excessive smoke and noise
23		Mechanical – steering and linkages (wear / damage)
24		Mechanical – suspension components (wear / damage)
25		Mechanical – wheel bearings (end play / noise)
26		Mechanical – clutch / PTO operation
27		Mechanical - chassis free from rust and cracking
28		Mechanical – tyres tread depth and damage (within legal requirements)
29		Mechanical – air system for leaks where applicable
30		Crane - controls legible and marked for correct operation
31		Crane – inspection test date within range
32		Crane - lifting chains within test range
33		Road test – exhaust brake operation
34		Road test – service brake operation
35		Road test – vehicle performance

VISUAL INSPECTIONS

Item	Fitted	Status	Description
36	VES NO		Safety guards fitted and in serviceable condition? where applicable
37	YES NO		Access/egress points allow for 3 points of contact?
38	YES NO		Wheel nut indicators fitted?
39	VES NO		Battery isolator fitted and in serviceable condition?
40	VES NO		GVM, GCM, TARE decal (in KG) fitted and legible?
41	YES NO		Wheels chocks fitted and in serviceable condition?
42	YES NO		Fire extinguisher fitted, charged and within test date?
43	VES NO		Warning labels for pinch point / overhead dangers fitted legible?
44	VES NO		Reverse alarm buzzer fitted and operation?
45	VES NO		Park brake alarm installed and connected to horn?
46	YES NO		UHF radio fitted and operational?
47	YES NO		Gates fitted to tray and serviceable?

GENERAL COMMENTS

Red: needs urgent attention, Yellow: needs further attention, Green: OK
